ALUMINUM PRODUCT GUIDE

WHY CHOOSE WESTCAN PRODUCTS?

Westcan Manufacturing is a family-owned and operated business with a focus on creating high quality products which offer great value to you, our customer.

Westcan products are high-quality, affordable, and made to outlast your vehicle. All products are manufactured with precision and care at our primary facility in the Pacific Northwest, then warehoused on-site so that we can provide you with the fastest possible turnaround

time. Do you have any questions about the product or your vehicle? We have a team of excellent customer service representatives available during our operating hours to help you out!

We stand behind the quality of our aluminum van storage solutions. Our commitment to customer satisfaction means you can trust us to deliver top-notch products.

INTRODUCING PACKOUT HOLDERS FOR MILWAUKEE

Revolutionize the way you organize and transport your tools and equipment with Westcan's aluminum **Packout Holders**. Designed in various sizes and configurations exclusively for Milwaukee Packout™ parts, our packout holders offer a seamless integration into your van setup.

With their robust construction and sleek design, the packout holders not only optimize space but also enhance the professional look of your van interior.

No matter the dimensions or layout of your van, we have the perfect solution to optimize your storage space and keep your gear organized.

Whether you're a tradesperson, a DIY enthusiast, or a contractor, Westcan's packout holder storage systems are built to endure the rigors of the job site.

Wheel Well Notes

The rear wheel wells in Nissan's NV are irregularly shaped which means they differ in length, depth, and height. Additionally, the driver's side wheel well incorporates the fuel filler. Please double check your measurements when planning your upfit.

ALUMINUM PARTITIONS

A – FIXED PARTITIONS FOR NV

PART #	MODEL YEAR	DESCRIPTION
11-1017	12-21	Standard Roof NV – Driver Side Only Partition
11-1001	12-21	High Roof NV – Driver Side Only Partition
11-1018	12-21	Standard Roof NV – Passenger Side Only Partition
11-1002	12-21	High Roof NV – Passenger Side Only Partition
11-1013	12-21	Standard Roof NV – Solid Fixed Partition
11-1011	12-21	Standard Roof NV – Perforated Fixed Partition
11-1003	12-21	High Roof NV – Solid Fixed Partition
11-1014	12-21	High Roof NV – Perforated Fixed Partition

B – SLIDING DOOR PARTITIONS FOR NV

PART #	MODEL YEAR	DESCRIPTION
11-1009	12-21	High Roof NV – Solid Sliding Door Partition
11-1004	12-21	High Roof NV – Perforated Sliding Door Partition
11-1005	12-21	High Roof NV – Windowed Sliding Door Partition

C – FIXED PARTITIONS FOR NV200

PART #	MODEL YEAR	DESCRIPTION
13-1004	13-21	NV200 – Driver Side Only Partition
13-1003	13-21	NV200 – Solid Fixed Partition
13-1002	13-21	NV200 – Perforated Fixed Partition

D – SWING DOOR KIT FOR FIXED PARTITION

PART #	DESCRIPTION
63-1061	Swing Door Kit for Fixed Partition

Safely Store Your Cargo and More!

When you've got equipment on hand, a partition can help give you some peace of mind by keeping your cargo area separate from your cab. We have many partitions to fit your needs!

Features & Benefits of Aluminum Partitions

- Choose between a solid or a perforated center panel; solid provides privacy and climate control for your cargo area and cab, perforated allows for visibility and airflow
- With optional swing door kit #63-1061, your partition center panel can be easily converted into a swing door partition from a fixed partition

PLYWOOD LINERS

E – PHENOLIC FLOOR LINERS

PART #	MODEL YEAR	DESCRIPTION
11-6409	12-21	Phenolic Floor Liner
13-6404	13-21	Phenolic Floor Liner

F – PLYWOOD WALL LINERS

PART #	MODEL YEAR	DESCRIPTION
11-6401	12-21	Standard Roof – Plywood Wall Liner
11-6403	12-21	High Roof – Plywood Wall Liner

G – PLYWOOD SLIDING DOOR LINERS (PARTIAL)

PART #	MODEL YEAR	DESCRIPTION
11-6407	12-21	Standard Roof – Plywood Passenger Side Sliding Door Liner
11-6406	12-21	High Roof – Plywood Passenger Side Sliding Door Liner

H – PLYWOOD CEILING LINERS

PART #	MODEL YEAR	DESCRIPTION
11-6402	12-21	Standard Roof – Plywood Ceiling Liner
11-6404	12-21	High Roof – Plywood Ceiling Liner

I – PLYWOOD REAR SWING DOOR LINERS (PARTIAL)

PART #	MODEL YEAR	DESCRIPTION
11-6408	12-21	Standard Roof – Plywood Rear Swing Door Liner
11-6405	12-21	High Roof – Plywood Rear Swing Door Liner
13-6406	13-21	Full Plywood Liner Kit: Ceiling, Walls and Doors

Features & Benefits of Plywood Liners

- All liners are CAD-Designed and CNC cut for a precise fit
- Complete wall, ceiling, floor and door liner kits are available for most fleet vehicles, including current models
- Wall, door and ceiling liners are constructed using a 1/4" plywood with a sealed finish
- Floor liners are constructed using a 1/2" honeycomb textured phenolic hexa plywood and most are finished with diamond plate aluminum door sills

All Bin Shelving units come with 12" deep shelves to accept Westcan's Red Bins.

Features & Benefits of Aluminum Shelving Units

- Shelf decks are constructed using a durable 1/2"- thick honeycomb textured phenolic plywood base with extruded aluminum lips
- All aluminum Westcan shelving units are Carb II compliant
- Load rating of 55 lbs per linear foot up to a maximum of 250 lbs per shelf
- Various accessories are available to customize your shelving
- End panel shelf mounting locations are spaced 1/2" apart

Red Plastic Bin Packages

Westcan offers red plastic bin packages designed to fill each 12" deep shelves based on shelf length and bin width. These bins are sold separately – [See page 11 for more info!](#)

Save Time by Using Your Space Wisely!

Don't waste your time and energy sifting through a messy cargo area to find that one tool you just had!

To avoid headaches and stay organized, shelving is a must. Choose between shelving units that include a two to six shelf count and add on a floor retainer lip so that you can maximize use of your available space.

Need even more shelving? Just order additional shelves to create your perfect fit! All aluminum shelving units come with pre-drilled accessory mounting holes on the end panels so that you can easily install compatible Westcan shelving accessories. [See page 12 for more info!](#)

Did You Know?

Build Your Own Shelving allows for complete flexibility in your shelving design, from shelf count to accessories. You're able to mix bins and dividers from shelf to shelf, add a work top or any other compatible accessories [found on page 12](#) to create shelving that matches your needs perfectly!

All Build Your Own Shelving components come with necessary installation hardware.

Accessory Mounting Holes

All aluminum universal Westcan end panels come complete with several sets of punched holes useful for quick and easy mounting of accessories such as cylinder mounts, straight and swivel hooks, and literature storage. [See page 12 for more info!](#)

Square Shelf Mounting Holes

Every 10th hole on Westcan's universal end panels are square. This allows you to be able to more easily keep track of your desired mounting points for your shelf decks so that each shelf deck is level upon installation. All shelf mounting holes are spaced 1/2" apart.

Drawer Cabinets

Westcan offers a wide variety of drawer cabinets to suit your storage needs! Whether you require in-shelf or standalone storage, we've got an option for you. All drawer cabinets are manufactured using marine grade aluminum and are fitted with ball bearing drawer slides for consistently smooth drawer usage. Westcan's aluminum drawer cabinets come with individual locking drawers and removable aluminum dividers. Need even more storage? Add a top tray for extra storage!

- Large single drawer units 40-1010, 40-1020, 40-1030, 40-1050 rated at 350 lbs.
- Available in premium heavy-duty keyed locking rated at 100 lbs per drawer.
- Light-duty drawer cabinets non keyed locking rated at 20 lbs per drawer.

ALUMINUM FOLD UP SHELVING UNITS

Features & Benefits of Fold Up Shelving Units

- Easily folds up to make room for larger cargo or to stow away when not in use
- Maximum load rating of 55 lbs per linear foot up to a maximum of 250 lbs per shelf
- Shelf decks are constructed using a durable 1/2"-thick honeycomb textured phenolic plywood base with extruded aluminum lips

Did You Know?

When building your own fold up shelving unit, please be aware of the depth of your shelves so there is enough clearance to stow in a fold up position.

Limited Walkaway Warning

Note: In the NV200 only, a shelving unit with a narrower overall depth must be included (using the part #s above) in order to have a reasonable walkway.

Use of two shelving units with part #22-3405 will result in a very narrow walkway.

Did You Know?

We created Westcan Starter Packages with maximum shelf space in mind. To make the most of your space, use the suggested part numbers. You can still accessorize your package with hooks, locking door fronts and other in-shelf accessories. [See page 12 for more info!](#)
