ALUMINUM PRODUCT GUIDE

WHY CHOOSE WESTCAN PRODUCTS?

Westcan Manufacturing is a family-owned and operated business with a focus on creating high quality products which offer great value to you, our customer.

Westcan products are high-quality, affordable, and made to outlast your vehicle. All products are manufactured with precision and care at our primary facility in the Pacific Northwest, then warehoused on-site so that we can provide you with the fastest possible turnaround

time. Do you have any questions about the product or your vehicle? We have a team of excellent customer service representatives available during our operating hours to help you out!

We stand behind the quality of our aluminum van storage solutions. Our commitment to customer satisfaction means you can trust us to deliver top-notch products.

INTRODUCING PACKOUT HOLDERS FOR MILWAUKEE

Revolutionize the way you organize and transport your tools and equipment with Westcan’s aluminum **Packout Holders**. Designed in various sizes and configurations exclusively for Milwaukee Packout™ parts, our packout holders offer a seamless integration into your van setup.

With their robust construction and sleek design, the packout holders not only optimize space but also enhance the professional look of your van interior.

No matter the dimensions or layout of your van, we have the perfect solution to optimize your storage space and keep your gear organized.

Whether you’re a tradesperson, a DIY enthusiast, or a contractor, Westcan’s packout holder storage systems are built to endure the rigors of the job site.

PART #	DESCRIPTION	SIZE

ALUMINUM PARTITIONS

Secure, Protect, and Organize: Aluminum Partitions for Professional Vans

Westcan’s aluminum partitions are the ultimate solution for professionals looking to enhance the safety, organization, and functionality of their cargo vans. Whether you’re transporting tools, equipment, or valuable cargo, these partitions provide a durable and practical barrier between the driver’s cab and the cargo area.

KEY FEATURES OF ALUMINUM PARTITIONS

Heavy-Duty Construction: Made from premium aluminum, Westcan partitions are built to withstand daily use, offering durable protection without adding extra weight to your vehicle.

Lightweight and Corrosion-Resistant: Aluminum provides the perfect balance of strength and lightness, preserving payload capacity. Its corrosion resistance ensures it won't rust or degrade, even in tough conditions.

Enhanced Visibility and Ventilation: Our partitions feature optional perforations or windows that allow for improved rear visibility and air circulation, ensuring both safety and comfort for the driver.

No-Drill Installation: Westcan aluminum partitions are designed for easy installation without the need for drilling, preserving your vehicle's structure while ensuring a secure fit.

BENEFITS OF INSTALLING AN ALUMINUM PARTITION

Increased Driver Safety: Aluminum partitions create a strong barrier, preventing cargo from shifting into the driver's area during sudden stops or accidents.

Enhanced Organization and Security: Partitions separate the cab from the cargo, keeping your van organized and preventing items from encroaching into the driver's area.

Reduced Noise and Distractions: Westcan partitions help block out noise from the cargo area, creating a quieter and more focused driving environment.

Professional Appearance: A well-installed aluminum partition enhances your van's functionality and gives it a professional, organized look that reflects your business's quality.

NOTE: With optional swing door kit #63-1061, your partition center panel can be easily converted into a swing door partition from a fixed partition.

LINERS

Protect, Insulate, and Optimize Your Cargo Van with Westcan's Precision-Cut Liners!

Safeguard your cargo van with Westcan Manufacturing's CAD-designed and CNC-cut plywood liners, engineered for a precise fit and built to endure the toughest conditions.

These vehicle-specific liners not only protect your van's interior but also improve insulation and provide enhanced functionality for tool mounting and cargo organization.

Did You Know?

We offer floor and wall liners for Metris vans!

LINERS

KEY FEATURES

CAD-Designed & CNC Cut: Every liner is designed with precision and accuracy, ensuring a seamless, custom fit for your van.

Complete Kits Available: Our kits include wall, ceiling, floor, and door liners, compatible with most fleet vehicles, including the latest models.

Durable Plywood Construction: Wall, door, and ceiling liners are made from 1/4" plywood with a sealed finish for long-lasting protection and easy maintenance.

Heavy-Duty Floor Liners: Floor liners are built from 1/2" honeycomb-textured phenolic hexa plywood, offering maximum durability and grip, while diamond plate aluminum door sills add extra reinforcement and protection at high-traffic entry points.

Increased Tool Mounting Space: Once installed, the liners create additional mounting options for hooks, hangers, and other accessories, helping to keep your workspace organized and efficient.

Why Choose Westcan's Liners?

Ultimate Interior Protection: Protect your van from dents, divots, and cargo damage with durable liners designed to handle the wear and tear of daily use.

Enhanced Insulation & Comfort: The added insulation improves temperature regulation and reduces noise, creating a more comfortable environment for work.

Optimized Cargo Space: Increase your storage potential with additional mounting points for tools and equipment, making your van more versatile and functional.

Easy Installation: Each kit includes all necessary installation hardware, ensuring a quick and easy setup, though minor modifications may be needed based on your vehicle's trim level.

Improved Longevity & Value: Keep your van looking new while reducing repair costs and maintaining its resale value with liners that protect both the interior and floor.

Built for Durability, Designed for Functionality

Whether you're a contractor, delivery driver, or tradesperson, Westcan's plywood liners offer the perfect blend of protection, insulation, and organization.

Invest in long-term durability and enhanced functionality for your cargo van with our expertly engineered liner kits.

Get yours today and safeguard your van from the inside out!

Red Plastic Bin Packages

Westcan offers red plastic bin packages designed to fill each 12" deep shelves based on shelf length and bin width. These bins are sold separately – [See page 13 for more info!](#)

Save Time by Using Your Space Wisely!

Don't waste your time and energy sifting through a messy cargo area to find that one tool you just had!

To avoid headaches and stay organized, shelving is a must. Choose between shelving units that include a two to six shelf count and add on a floor retainer lip so that you can maximize use of your available space.

Need even more shelving? Just order additional shelves to create your perfect fit! All aluminum shelving units come with pre-drilled accessory mounting holes on the end panels so that you can easily install compatible Westcan shelving accessories. [See page 14 for more info!](#)

Did You Know?

Build Your Own Shelving allows for complete flexibility in your shelving design, from shelf count to accessories. You're able to mix bins and dividers from shelf to shelf, add a work top or any other compatible accessories **found on page 14** to create shelving that matches your needs perfectly! All Build Your Own Shelving components come with necessary installation hardware.

Accessory Mounting Holes

All aluminum universal Westcan end panels come complete with several sets of punched holes useful for quick and easy mounting of accessories such as cylinder mounts, straight and swivel hooks, and literature storage. **See page 14 for more info!**

Square Shelf Mounting Holes

Every 10th hole on Westcan's universal end panels are square. This allows you to be able to more easily keep track of your desired mounting points for your shelf decks so that each shelf deck is level upon installation. All shelf mounting holes are spaced 1/2" apart.

Drawer Cabinets

Westcan offers a wide variety of drawer cabinets to suit your storage needs! Whether you require in-shelf or standalone storage, we've got an option for you. All drawer cabinets are manufactured using marine grade aluminum and are fitted with ball bearing drawer slides for consistently smooth drawer usage. Westcan's aluminum drawer cabinets come with individual locking drawers and removable aluminum dividers. Need even more storage? Add a top tray for extra storage!

- Large single drawer units 40-1010, 40-1020, 40-1030, 40-1050 rated at 350 lbs.
- Available in premium heavy-duty keyed locking rated at 100 lbs per drawer.
- Light-duty drawer cabinets non keyed locking rated at 20 lbs per drawer.

ALUMINUM FOLD UP SHELVING UNITS

Features & Benefits of Fold Up Shelving Units

- Easily folds up to make room for larger cargo or to stow away when not in use
- Maximum load rating of 55 lbs per linear foot up to a maximum of 250 lbs per shelf
- Shelf decks are constructed using a durable 1/2" - thick honeycomb textured phenolic plywood base with extruded aluminum lips

Did You Know?

When building your own fold up shelving unit, please be aware of the depth of your shelves so there is enough clearance to stow in a fold up position.
